Hi Julianne,

Sorry I am late –my best estimates are below. These should match our EnPPA numbers for '14.

Subject: FY14 CAFO permit commitments -- DUE October 22

Hello,

I need to submit FY14 commitments for state CAFO permit actions to my management. Please provide your best estimates for the following FY14 commitments. I realize it is difficult to estimate how many applications a state will receive. Your input is greatly appreciated.

(1) Total number of permit actions in FY14 [This number is a combination of FY14 permits issued + FY14 Determination of No Permit Required]

WE COMMITTED TO ISSUING THE 2 NEW PERMITS FOR LARGE OPERATIONS AND ISSUING A PERMIT OR NPR DECISION FOR 2 MEDIUMS (SO 4 TOTAL). THIS DOES NOT INCLUDE RENEWALS, SO LET ME KNOW IF YOU NEED A NUMBER FOR THOSE.

(2) Total number of applications received in FY14 [This number reflects first time applicants, not renewals or modifications. This number includes both first time applicants for individual and general permits]

I WOULD NOT EXPECT MORE THAN 2 NEW APPLICATIONS TO COME IN THIS YEAR.
